

# **VENUE VISUAL GUIDE**

I am going to see a show at the Assembly Rooms,  
Edinburgh EH2 2LR

# ASSEMBLY ROOMS

This is the Assembly Rooms where the  
performance will be taking place.

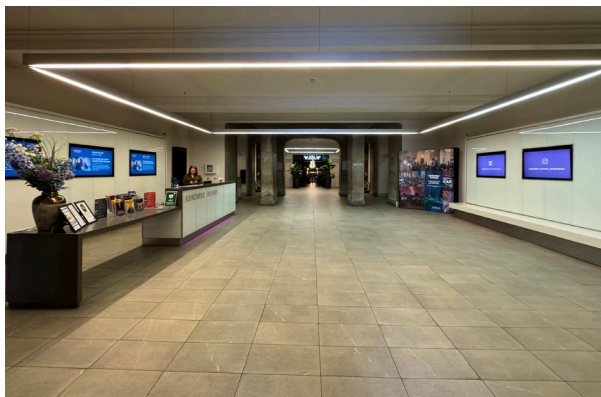

This is the main entrance to the Assembly Rooms.  
Through the arches you will find the double entry  
doors which takes you into the main entry foyer.

---

Our box office is outside the Assembly Rooms in the Garden Area, where tickets can be purchased. You will be sent an email with a QR code ticket, which will allow you access to the show, so there is no need to collect tickets from the box office if you don't require a physical ticket.

This is the foyer as soon as you enter. Towards the back of the foyer, you will find staircases on either side that take you up to the venue level on the first floor, as well as a lift to access that level.

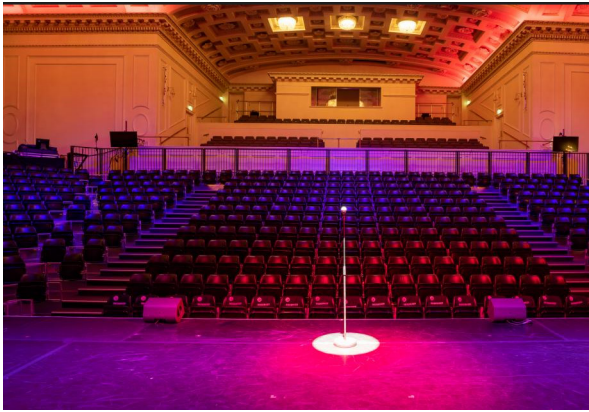

Before entering the Music Hall where the show will take place, you'll find another room with a bar on the left hand side of the room, where you can buy drinks and snacks

There are ramps on either side of the bar room that will take you into the Music Hall – the space where the show will take place.

Once through the doors to the performance space, you will go along a darker, narrow corridor to reach the seating area. If you require assistance navigating this, please let an usher know and we'll be happy to assist you.

Inside the auditorium – the seats are on a raked seating bank to offer the best view, with steps on either side. Seating is unallocated and offered on a first come first served basis. There is also a seating area in the balcony which will be opened depending on how full the main area is.

At the end of the show the audience will clap to show the actors that they enjoyed the show.

When the clapping has ended, the lights will get brighter. This means the show is over.

I can now leave the theatre.

I should exit through the foyer.

**Toilet:** If I need to go to the toilet I should look for these toilet signs or ask an usher for directions.
